● Program 5 : Write a C program to create, declare and initilize structure.

```c
//Name : Rakesh Mahadev Bandi
//Roll No : 3
//Class : SYCSE
//PRN No : 2024065738

#include<stdio.h>
#include<conio.h>

struct S
{
   char name[50];
};

int main()
{
   struct S c;

   printf("Enter Your Name: ");
   scanf("%s", &c.name);

   printf("\nHello %s This is Structure..!!",c.name);

   return 0;
}
```
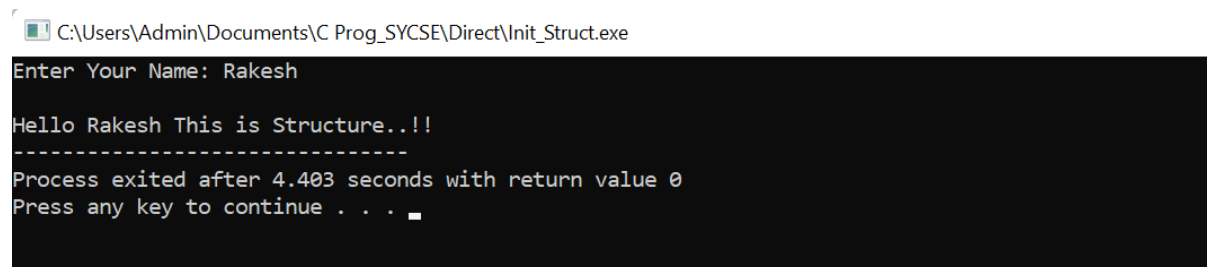

C:\Users\Admin\Documents\C Prog_SYCSE\Direct\Init_Struct.exe

```
Enter Your Name: Rakesh

Hello Rakesh This is Structure..!!
-------------------------------
Process exited after 4.403 seconds with return value 0
Press any key to continue . . .
```
